Latest Tests at Oulton Park & Silverstone

Pre-season preparations have continued over the last two weeks with three days of intensive testing. The first two days were at Oulton Park in Cheshire, where Jack completed over 200 laps in ideal conditions to finish a very close second to new team mate Dave Newsham.

There were a number of more experienced Clio drivers on track who were unable to match Jack and Dave's raw pace, which is very encouraging for the season ahead.

Jack was again straight on the pace as the team spent a full day at Silverstone last week covering over 120 laps in changeable wet/dry conditions. Jack was the fastest Clio driver on track which bodes well for the two races there later in the season.

Jack commented "I cannot wait for the 2010 season to kick off in April at Thruxton. We have managed to secure some great backing from existing sponsors and brought some new sponsors into 'the family'. I cannot thank them enough for getting me onto the grid this season, I now just want to get racing to show them what I am capable of, and that will hopefully bring more potential sponsors on board. I am feeling really confident for this year after our recent testing with Team Pyro. The car has been superbly set up every time we have hit the track and I can't wait to bring them some positive results".

The final pre season test and Media Launch day is at Snetterton on March 24th.

New Look Website & Clio Livery Launched

This week sees the launch of the new look Jack Goff Website. We're sure you will all agree the new fresher look and more extensive content is a great improvement. Log on to:

The striking new colour scheme was also unveiled at the latest test days. The matt black vinyl covering with fluorescent yellow flashes looks even better in 'the flesh' than the photos.

Thanks very much to Reg at Mr Signs.

Excitement is now building with just over two weeks to the start of the season. To make sure you don't miss out on the action, tickets are now available for the opening rounds at Thruxton in Hampshire.
