BTCC 2015 • Rockingham
Highs and Lows at Rockingham

www.AMSoul-images.com

The next three races of the BTCC were held at the Northamptonshire circuit of Rockingham.

The weekend started on a positive note as the MG's raced around a circuit more suited to the long wheel base car.

After a damp start thwarting FP1 the sun shone on proceedings as FP2 saw a marked improvement on the MG's performance, finishing in 4th having spent most of the session top of the pile. Taking this forward into qualifying, Jack managed to secure his best ever qualifying performance, crossing the line in fourth. This turned in to third when Gordon Shedden was penalised for a pit lane infringement and was demoted to seventh.

Race one would see a strong performance for Jack, finishing fourth after a charging Shedden moved through the order to finish second. Always having one eye on the times, Jack also managed a time good enough for fourth on the grid for the second race.

Race two would be a battle against the soft compound tyre. Jack managed to hold onto fourth until the tyre started to degrade and he slipped back down the order to finish ninth, still in with a chance for the reverse grid draw.

With number 10 being drawn, Jack found himself on the first row of the grid in second place and hopes were high for a race three podium. These were dashed at the first bend when contact from behind caused exhaust damage and demoted him to the back of the field.
