STOKENCHURCH teenager Jack Goff has been named in the Motorsport News Fast 50 - their list of the most exciting drivers to watch in 2010.

Goff, 18, is hoping to compete in the Elf Renault Clio Cup this season, which runs alongside the British Touring Cars and receives ITV coverage.

Goff took the MG Trophy Championship by storm in his debut season last year, winning his first ever car race at Donington and then adding a string of podium finishes to finish third overall behind Championship winner Chris Bray. He also recorded one lap record and two fastest race laps.

The hot prospect is desperately seeking sponsorship to help him fulfill his ambition.
